

1. APPLICABILITY: This order is an offer by Accuride Corporation or its affiliate or subsidiary named on the face of this purchase order ("Purchaser") for the purchase of goods (the "Goods") specified on the face of this purchase order from the party to whom the purchase order is addressed (the "Seller") in accordance with and subject to these terms and conditions (the "Terms"); together with the terms and conditions on the face of the purchase order, the "Order"). This Order together with any document attached to or incorporated by reference in this Order by Purchaser, and all specifications, drawings, notes, instructions, engineering notices, or technical data referred to in this Order constitute the entire agreement between the parties and supersede all prior contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral, with respect to the subject matter of the Order. The Order expressly limits Seller's acceptance to the terms of the Order. These Terms prevail over any terms or conditions contained in any other documentation and expressly exclude any of Seller's general terms and conditions of sale or any other document issued by Seller in connection with this Order. These Terms also apply to any repaired or replacement Goods provided by Seller hereunder. Purchaser is not obligated to any minimum purchase or future purchase obligations under this Order.

2. ACCEPTANCE OF CONTRACT: Purchaser shall not be bound by this Order until Seller (a) delivers to Purchaser a written acceptance of the Order; or (b) delivers to Purchaser any of the items or services ordered; or (c) submits an invoice to the Purchaser related to this Order. Any such action by Seller shall constitute acceptance by Seller of the Order and these Terms.

3. COMPLIANCE WITH LAWS AND PURCHASER'S POLICIES: Seller is in compliance and shall comply with all applicable international, state/provincial, federal and local laws, rules, regulations, ordinances, and all of Purchaser's safety procedures. Seller shall comply with Purchaser's Code of Conduct and other policies, which are listed at <https://www accuridecorp.com/suppliers/>.

4. SHIPPING:

(a) All Goods shall be suitably packed, marked and shipped in order to secure lowest transportation cost and in accordance with Purchaser's instructions, or, if there are no instructions, in a manner sufficient to ensure that the Goods are delivered in undamaged condition. Delivery shall be made in accordance with the terms on the face of this Order, to the address specified thereon, during Purchaser's normal business hours or as otherwise instructed by Purchaser.

(b) Seller shall give written notice of shipment to Purchaser when the Goods are delivered to a carrier for transportation. Seller shall provide Purchaser all shipping documents, including the commercial invoice, packing list, air waybill/bill of lading, and any other documents necessary to release the Goods to Purchaser, within two (2) business days after Seller delivers the Goods to the transportation carrier.

(c) Packages must bear Purchaser's order number, factory, plant and/or dock number, multiple packages comprising a single shipment shall also each be consecutively numbered and bulk containers must also show gross, tare and net weights and/or quantity.

(d) No charge shall be made by Seller for packing, drayage or storage or for costs associated with shipment other than as specified.

(e) Order number and package shall also be consecutively numbered. Order number and package numbers shall be shown on packing slips, bills of lading and invoices.

(f) Packing slips must accompany each shipment.

(g) Seller agrees to describe material on bill of lading or other shipping receipt and to route shipment in accordance with instructions issued by Purchaser's Traffic Department.

(h) In the event of tardy shipment, Seller shall ship the goods as expeditiously as possible and is solely responsible for premium freight or other cost incurred as a result of tardy shipment.

5. TITLE AND RISK OF LOSS: Delivery shall be deemed complete and title and risk of loss shall pass only when the Goods have been actually received and accepted by Purchaser, notwithstanding any agreement by Purchaser to pay transportation charges. The risk of loss or damage in transit shall be upon the Seller. Nothing herein contained, however, shall be construed as depriving Purchaser of its interest, or limiting such interest, in the Goods herein described prior to such actual receipt or acceptance.

6. DELIVERIES: Time is of the essence of this Order. 100% on-time delivery is a requirement of this Order. On-time delivery is defined as receipt being made no more than two (2) days in advance of the due date on the face of this Order or blanket order release date and zero (0) days past the due date/release date on the face of the Order. Any Goods delivered in violation of this section may be rejected or returned at Seller's risk and expense. Alternatively, in Purchaser's sole discretion, it may retain the untimely Goods and impose penalties for missed delivery dates, which will be withheld from the final payment at a rate of 0.2% per day of the total Order price (up to 1% per week).

7. INSPECTION: Seller shall provide and maintain an inspection system which will assure that all goods, material, and work delivered to Purchaser conform to contract requirements whether manufactured or processed by Seller or procured from subcontractors or vendors. Purchaser and its customers reserve the right to inspect/verify purchased product requirements at the point of manufacture or at any other point in the supply chain process. If product inspection is to occur at Seller's facility or at any third-party facility, then Seller shall be provided with advance notice via verbal and/or written communication. Seller acknowledges that Purchaser has no obligation to perform incoming inspection of Goods and waives any rights to require Purchaser to conduct such inspections. Purchaser's inspection of Goods, whether during manufacture, prior to delivery or within a

reasonable time after delivery, shall not constitute acceptance of any work-in-process or finished Goods.

8. REJECTION: Purchaser reserves the right to reject Goods and to cancel all or any part of this Order, without liability, if Seller fails to deliver all or any part of the Goods herein described in accordance with the terms, conditions, and specifications contained herein, or if such Goods contain defective material or workmanship. Seller shall participate in and accept the terms of Purchaser's Cost of Poor Quality ("COPQ"), the terms of which may be found at www accuridecorp.com/supplierportal/COPQ, which are subject to change from time to time. If Purchaser rejects any portion of the Goods, it will have the right, effective upon written notice to Seller, to rescind the Order in its entirety, in its sole discretion. Seller will credit or reimburse Purchaser for the purchase price of the rejected Goods, as the case may be, or, in the case of defective Goods, the Seller will replace such defective Goods within seven (7) days of being given notice of the defect, at its sole cost, in which case such replacement shall be covered by a new purchase order. If Seller fails to timely deliver replacement goods, Purchaser may replace them with goods from a third party and charge Seller the cost thereof and terminate this Order without liability to Seller. Rejected Goods shall be removed at the expense of Seller, including transportation both ways, promptly after notification of rejection. Seller shall bear all costs of inspection and all risks of loss of rejected Goods, as well as any and all consequential and incidental damages. Acceptance of any part of the Goods covered by this order shall not obligate Purchaser to accept future shipments nor deprive it of the right to revoke any acceptance theretofore given.

9. PAYMENT AND PRICE: Payment by Purchaser for Goods supplied hereunder shall not constitute acceptance thereof if subsequent inspection discloses defective material or workmanship or a failure to meet the specifications contained herein. Purchaser shall not be billed at prices higher than those stated in this Order, whether due to increased material, labor, or transportation costs, or otherwise. Unless otherwise stated on the face hereof, invoices subject to discount will be discounted if paid within fourteen (14) days of the date of the invoice or the date of receipt of Goods, whichever is later. Net bills will be paid within 90 days, except for any amounts disputed by Purchaser in good faith; however, any exceptions that have been agreed to by the Purchaser will supersede the net 90 days requirement and will be documented on the Order accordingly. On invoices returned for correction, the payment period will run from the date of receipt of the corrected invoice. Purchaser will be entitled to set off any amount owing from Seller or its affiliates to Purchaser or its affiliates against any amount payable by Purchaser under this Order. Except as otherwise specified, the contract price includes all taxes (including, without limitation, sales, use, and excise taxes), packaging, transportation costs to the delivery location, insurance, customs duties, and fees.

10. ESSENTIAL INFORMATION: If price or other essential information is not shown on the face of the Order, such information must be inserted by Seller and confirmed by Purchaser in writing.

11. FORCE MAJEURE: Neither party shall be liable for a failure to perform hereunder arising from causes or events beyond the reasonable control and without such party's fault or negligence and which by their nature could not have been reasonably foreseen by such party or, if they could have been foreseen, were unavoidable, including but not limited to, labor disputes of any kind, fires or accidents. Seller's economic hardship or changes in market conditions are not considered force majeure events. In the event Seller's failure is not remedied within thirty (30) days, Purchaser may terminate the Order.

12. WARRANTIES: Seller makes the following warranties to Purchaser and its customers and the users of the Goods herein described.

(a) It will at the date of delivery have good title to any and all Goods supplied hereunder, and said Goods will be free and clear of any and all liens, security interests, and encumbrances.

(b) Any and all Goods supplied hereunder will be of merchantable quality.

(c) Seller is aware of Purchaser's intended use and warrants that any and all Goods supplied hereunder will be fit for the particular use intended, will be free from defects, whether patent or latent, in design, material or workmanship, and will be in conformity with the specifications contained herein.

(d) Any and all Goods supplied hereunder will not infringe or misappropriate any third party's patent or other intellectual property rights.

(e) Any services provided in connection with Purchaser's purchase of the Goods shall be performed by Seller in a professional and workmanlike manner in accordance with best industry standards for similar services, using personnel of required skill, experience and qualifications, and Seller shall devote adequate resources to meet its obligations under this Order.

Seller agrees that the foregoing warranties shall be in addition to any warranties of additional scope given to Purchaser by Seller. These warranties shall continue notwithstanding any inspection, delivery, acceptance, or payment by Purchaser. This warranty runs to Purchaser and Purchaser's customer(s) and is in addition to those otherwise provided or implied by law or equity. Any applicable statute of limitations shall not begin to run until the date of Purchaser's discovery of the noncompliance of the Goods with the foregoing warranties.

13. MATERIAL FURNISHED BY PURCHASER: Any material furnished by Purchaser, on other than a charge basis in connection with this Order, shall be deemed as held by Seller upon consignment. All such materials not used in the manufacture of the Goods covered by this Order shall, as directed, be returned to Purchaser at Purchaser's expense and if not accounted for or so returned, shall be paid for by Seller. The furnishing of any material or other items by Purchaser shall in no way release Seller of Seller's obligations under the Order.

14. SPECIAL TOOLING: All special dies, tools and patterns used in the manufacture of the Goods called for hereunder, either furnished or paid for by

Purchaser belong to and shall be the personal property of Purchaser and may be removed by Purchaser at any time. All such special tooling while in the possession of Seller shall be maintained and cared for at Seller's expense and Seller shall bear the risk of loss and damage of such property. Seller further agrees not to use any designs, tools, patterns, drawings, materials or other information or equipment furnished or paid for by Purchaser in the manufacture or design of any article or material for any other customer.

15. CHANGES: Purchaser may at any time by written notice make changes in drawings, specifications, delivery and/or shipping instructions. If any such changes affect the time for performance, the cost of manufacturing such supplies or the cost of furnishing such services, Purchaser shall make an equitable adjustment in the purchase price or the delivery schedule, or both. Claims by the Seller under this condition must be made within twenty (20) days of the date the change was ordered and must be agreed upon by Purchaser. No charges or additional changes made by Seller will be valid unless authorized in writing by Purchaser.

16. IP INDEMNIFICATION: Seller agrees to indemnify, defend, and hold harmless Purchaser, its subsidiaries, parents, affiliates, successors, or assigns and their respective directors, officers, shareholders, and employees and Purchaser's customers and users (each an "Indemnitee"), against any and all liability, loss and expense (including attorney's fees), by reason of any claim, action or litigation arising out of any alleged or actual, direct or contributory infringement or misappropriation of the patent, copyright, trade secret, or other intellectual property right of any third party, arising from the purchase, use, or sale of the Goods. In case the purchase, use, or sale of said Goods, or any part thereof, is held to constitute infringement and/or is enjoined, Seller shall, at its own expense, procure for Indemnitee the right to continue the purchase, use and sale of said goods; or, with the approval of Purchaser, modify said Goods so they become non-infringing, or remove said Goods and refund the purchase price and the transportation and installation costs thereof.

17. NON-ASSIGNMENT: No assignment of this Order or any interest therein or any payment due or to become due thereunder shall be made by Seller without first obtaining the written consent of the Purchaser. Any purported assignment or delegation in violation of this section shall be null and void. No assignment or delegation shall relieve Seller of any of its obligations hereunder. Purchaser may, at any time, assign, transfer, or subcontract any or all of its rights or obligations under the Order without Seller's prior written consent.

18. CUMULATIVE REMEDIES: Except as otherwise stated, the remedies herein reserved shall be cumulative and additional to any other or further remedies provided in law or equity.

19. WAIVER: No waiver by any party of any provision of the Order shall be effective unless explicitly set forth in writing and signed by the party so waiving. A failure by Purchaser to exercise any right under this Order shall not affect any rights subsequently arising under the same or similar clauses hereof, nor shall it operate as a waiver of the clause or condition under which such rights arise.

20. INDEMNIFICATION: Seller agrees to indemnify, defend, and hold harmless each Indemnitee against all liability, loss, claims, actions, suits, judgments, settlements, costs and expenses (including reasonable attorneys' fees), and consequences of such liabilities whatsoever arising out of any action relating to delivery or use of the Goods covered by this Order or the performance of any term or condition of this Order, except for such liability arising out of the sole negligence of Purchaser. Such indemnification shall continue notwithstanding any inspection, acceptance, payment or processing by Purchaser.

21. NONDISCLOSURE: Data, drawings, specifications, or other technical or proprietary information furnished directly or indirectly, in writing or otherwise, to Seller by Purchaser pursuant to this Order shall in no event become the property of Seller and shall be used only in fulfilling the obligations imposed by this Order and shall not be duplicated or disclosed to others or used in whole or in part for any other purpose. Such furnishings of data, drawings, specifications, or other technical or proprietary information shall not be construed as granting any rights whatsoever, express or implied, under any patents or other intellectual property of Purchaser. Upon Purchaser's request, Seller shall promptly return all documents and other materials received from Purchaser.

22. CERTIFICATIONS: Part numbers must be referenced on all packing lists and invoices. Material Certs and Statistical Evidence of Process Control/Capability must be available upon request for all shipments. Documentation (Certificate of Conformance) stating that all Goods/services provided by Seller are produced/provided in conformance to all customer/engineering/industry specifications must be supplied on an annual or as-requested basis. An ISIR and 30-piece capability study are required for all new parts/processes unless otherwise approved by Purchaser. All suppliers are subject to a quality systems audit to ensure compliance with Quality Systems Requirements ISO-9001 or their replacements, including but not limited to IATF16949 or such other quality measures as agreed upon in writing between the parties.

SERVICE AND REPLACEMENT PARTS: Seller will sell to Purchaser Goods necessary for it to fulfill its current model service and replacement parts requirements at the price(s) set forth in this contract. If the goods are systems or modules, Seller will sell the components or parts that comprise the system or module at price(s) that shall not, in the aggregate, exceed the price of the system or module less assembly costs. During the 15-year period after Purchaser completes current model purchases, Seller will sell Goods to Purchaser to fulfill Purchaser's past model service and replacement parts requirements. Unless otherwise agreed to by Purchaser, the price(s) during the first three (3) years of this period shall be those in effect at the conclusion of current model purchases. For the remainder of this period, the price(s) for Goods shall be as agreed to by the parties. When requested by Purchaser, Seller shall make service literature

34. TERMINATION: In addition to any other rights of Purchaser to terminate this contract, Purchaser may, at its option, immediately terminate all or any part of this Order, at any time and for any reason, by giving written notice to Seller. Upon such termination, Purchaser shall pay to Seller the following amounts without duplication: (a) the contract price for all Goods or services which have been completed and delivered in accordance with this Order and not previously paid for; and (b) the actual costs of work-in-process and raw materials incurred by Seller in furnishing the Goods or services under this Order to the extent such costs are reasonable in amount and are properly allocable or apportionable under generally accepted accounting principles to the terminated portion of this contract; less, however the sum of the reasonable value or cost (whichever is higher) of any Goods or materials used or sold by Seller with Purchaser's written consent, and the cost of any damaged or destroyed Goods or material. (2) Supplier warrants that the Goods are in compliance with all applicable provisions of the federal, state, and local laws of the Federal Republic of Germany and the European Union, are suitable for normal use, and conform to all technical agreements and quality specifications.

(3) Purchaser has the right to demand supplementary performance at Supplier's sole cost and expense. This shall not affect Purchaser's rights to terminate or reduce the Order or for damages.

(4) If Supplier does not fulfill its warranty obligations immediately or according to the contract or if a remedy is to be provided urgently, Purchaser may, at its election, implement the necessary measures at Supplier's expense. By way of example and not limitation, Purchaser may replace defective parts itself or have them replaced by third parties or procure a replacement from third party without expressly setting a grace period.

(5) Supplier shall be liable for all damages which Purchaser incurs due to poor, delayed, or insufficient delivery of Goods, including, without limitation, reimbursement to Purchaser of claims or liquidated damages by its customers, to the extent such claims or damages are causally connected to Supplier's poor, insufficient, or delayed delivery.

(6) Returned Goods remain the property of Purchaser until the replacement delivery is received or until its counter value is settled.

D. Purchaser's form FB-PR-808, which is available to Supplier upon request, is incorporated by reference as if fully set forth herein.

E. Delivery of the Goods, with the exception of bulky material, shall be made on rent-free pallets that conform to the European standard, without exception. Unless otherwise agreed in writing, return shipment of the empty packaging, if required, shall be done at Supplier's expense. Supplier shall notify Purchaser if the Goods or any components thereof are classified as dangerous goods, prior to shipping.

F. Supplier shall notify Purchaser immediately and without being prompted if there is a change of origin for Goods to be supplied to Purchaser. Supplier is liable and shall indemnify Purchaser for all losses incurred by Purchaser as a result of Supplier's breach of this obligation or failure to tender to Purchaser any required declaration documents. If requested by Purchaser, Supplier shall provide an information sheet certified by its customs agency detailing the origin of Goods. Supplier shall notify Purchaser of the Goods or any of them are in any way subject to export restrictions under German or foreign trade legislation.
