EVANSVILLE, Indiana – March 2, 2018 – Accuride Corporation – a supplier of components to the North American and European commercial vehicle industries – today announced that Robin Kendrick, Vice President and corporate officer of BorgWarner Inc., has been elected to the company’s board of directors as an independent director, effective immediately. He brings extensive global operations leadership experience in the automotive supply, metal-forming and fastening industries to the role. Kendrick is currently the President and General Manager of the Turbo Systems turbocharger business unit of BorgWarner, a leading supplier of highly engineered components and systems for powertrain applications worldwide.
